

STANDARD LADDER ACCESS SL

SL ACCESS LADDERS

Surespan SLC/RS Standard Ladder with retractable counter balanced lower section. Stringers from size 8 structural tube (48.3 o/d) set 400 apart with Surespan safegrip serrated rungs at 250 centres. Cage from 50 x 5 flat hoops set at a maximum 900 centres with 6 no. vertical straps with caged nuts. Cage will be extended from 2.4m from the ground level. Stays will be positioned at a maximum of 2400 centres.

SLC/RS - Retractable Lower Section

The retractable SureSlide mechanism allows the lower section to slide up and down with ease. The lower section can be released from the top of the ladder for escape from the roof. Operation from below can be accommodated. Polyester powder coating available to match the fabric of the building.

HOW TO SPECIFY & ORDER

Choose your model and add the accessory codes, see the example below for a 3000 standard access ladder with retractable handhold, 2000 long ladder guard and powder coated to RAL 9002.

SLC - RH/LG20/PCRAL9002-300
