

**Type SBVA- RA** multi-part cover in the Vinculture Museum in KremS.

**Applications:** Ideal cover for supply and disposal ducts in the industrial and workshop sector, e.g. for energy, water and compressed air supply.

**Installation:** Installation must be carried out according to instructions. With water-tight models, care must be taken to seal the outer frame into the surrounding flooring.

**Web Link:**

<https://surespancovers.com/surecover>

**Loading Capacity:** 125 kN test load (per EN124) when filled with grade C35/45 Concrete (EN 206)

**Materials:** Frame and cover sections in extruded aluminium.

**Features:** Largely sealed access cover. Frame is joined lengthways to special connecting elements. For larger covers (from a length of approximately 3 m), the multi-part cover is delivered disassembled, ready for assembly on site.

**Patented cross-beams:** The cross-beam system is registered as Patent no. 396796. The cross-beams can be easily removed without tools, to give clear access to the entire duct. Cross-beams are easy to insert and fix in place. They can be taken out again very easily if the entire duct needs to be freely accessible, e.g. when retrofitting pipes or when undertaking repair work in the duct.

**Lift Open System:** SureCover SBVA- RA comes with a set of lifting keys and precise installation instructions. Jammed covers are released by simply turning the Brass Key provided.

**Sealed Cover:** SureCover SBVA- RA is largely sealed. Since multi-part covers are often complex or more difficult to install, water ingress can occur if there is constant stress due to rain, melt water or wet conditions. (Not guaranteed to be completely watertight.)

*In all cases please consult our technical advisers if your multi-part cover needs to be completely sealed. In these cases, we will usually find a solution by taking additional measures and providing specific installation instructions.*

Product Reference	Clear Opening	Outside Dimensions	Weight
	(≈ mm)	(≈ mm)	
	c x d	A x B	
SBVA-RA 2 Part	600 x 1320	720 x 1440	23 kg
SBVA-RA 3 Part	600 x 2030	720 x 2150	32 kg
SBVA-RA 2 Part	800 x 1720	920 x 1840	33 kg
SBVA-RA 3 Part	800 x 2630	920 x 2750	47 kg

*These 4 standard sizes (additional designation: multi) are in stock. Otherwise, Type SBVA-RA is manufactured according to your size specifications.*
