

FIXED/ TELESCOPIC OVERVIEW SLHP

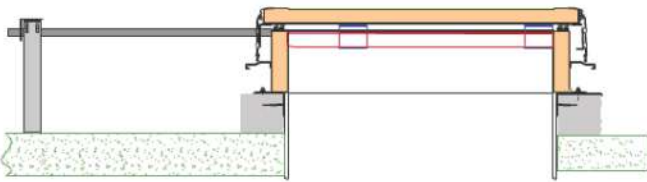

SLHP FIXED/TELESCOPIC OVERVIEW

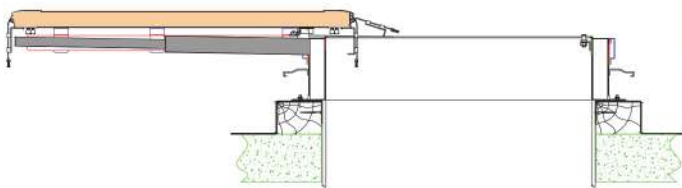

The thermally broken sliding lid incorporates double seals with unique sealing feature which on opening 'lift-off' the upstand and on closing re-seal.

Telescopic hatches have a limited opening span of 1200mm otherwise they will require fixed external rails. Fixed sliding covers can be made to any size without limit, they are ideal for large equipment access as they provide maximum clear opening

FIXED RAIL

TELESCOPIC RAIL

OPTIONAL FEATURES

- Retractable Telescopic Rails up to 1500mm
- Electrical option
- Solar
- Locking - Internal sliding bolt with padlock hasp
- Pressure sensitive edge
- Polyester powder coated to any RAL colour
- Rain skirt
